PROPRIETARY CERTIFICATE FOR RENISHAW VACUUM CASTING MACHINE

February 1, 2018

The Director
Punjab Engineering College
(Deemed to be University)
Sector 12
CHANDIGARH – 160 012.

Dear Sir,

**Sub.: E-Tender Reference No. PEC/PEP/17/898 & Tender ID Ref. 2017_PEC_41488_5
For Purchase of Equipments As Listed in Table 1
Supply of Vacuum Casting Machine (Serial No.5)
Due on 22.01.2018 & To be opened on 23.01.2018 at 11.00 Hours**

With reference to the above tender enquiry, we would like to confirm that, Renishaw UK Sales Limited is sole Manufacturer / Supplier for following items as per the specification quoted in our technical bid against the above tender:

- (1) Renishaw Vacuum Casting Machine (5/01 Vario)
- (2) Spares & Consumables related to Vacuum Casting Machine

We are highlighting the key features of Renishaw Vacuum Casting Machine, features of which is not available on Vacuum Casting Machines of other Manufacturers :

- Omran plc control with touch screen – Allows operation of the machine through touch screen
- Variable Vacuum Standard option, By separating and sealing the mixing module from the moulding area, a variable vacuum can be created within the machine. The result is that it is possible to have a higher vacuum in the moulding area. The benefit is that moulds with very thin walls, long draws or highly complex geometries can be more easily filled as extra vacuum is applied to the material. Alternatively, filled or viscous liquid resins can also be moulded more effectively by use of the variable vacuum.
- Stirrer: The maximum values for the mixer speeds are the settings in place when the machine is delivered: 49, 99, 160 (r.p.m.) respectively. The settings may be adjusted in the usual way to values appropriate to the task in hand, and when the Menu button is invoked the new current values will be recorded.

We hereby authorize our Indian Subsidiary Renishaw Metrology Systems Ltd., G.K Arcade, 3rd Floor, No.125/1-18, T Mariyappa Road, 1st Block Jayanagar, Bangalore – 560 011, Karnataka, India to quote sign and negotiate all the documents pertaining to the above tender.
