HYDRO 2022 INTERNATIONAL
*27th International Conference on Hydraulics, Water Resource,
Environmental & Coastal Engineering*
Civil Engineering Department
Punjab Engineering College,
Chandigarh, India
(December 22-24,2022)

Schedule for Poster Presentations
DAY 2 – 23rd December 2022, 11:00 AM to 12:00 PM

S. No.	Paper ID	Paper Title and Author(s)
1	89	Dam break flow analysis for Hirakud dam by assuming a hypothetical dam failure case using HEC-RAS (Anjaneyulu, Roniki*)
2	160	Investigation on shoreline extension of Shankumugham Coasts using Geographic Information System (Fathima, Nuha; Thomas P S, Simpson; Dolma, Sonam; Y.S, Sonia; Angmo, Tsering*; Dolkar, Tsewag; TV, Rameesha)
3	207	Spatiotemporal Analysis of Drought Risk during Crop Growing Seasons in Odisha and West Bengal (Chattaraj, Arindam *; Debnath, Subhankar)
4	222	Real Time Structural Health Monitoring of Dam using IoT & AI Techniques (Khan, Aajid*; Mishra, Satanand; Pandey, Shivani; Sardar, Tanmay; Mishra, Madhuram)
5	318	Determination of morphological parameters and behavior of Punpun river basin by using GIS (Ranjan, Shashi*)
6	347	Calculation of Friction velocity in Straight Rectangular Channel in Unsteady flow condition Using Artificial Neural Network (Mondal, Abhishek*)
7	362	Sustainable solution to re-cycle industrial water for re-use in Coal ash disposal (Mauriya, Vinod Kumar*)
8	376	Real time Monitoring for Water Quality in Water Supply Department (Gayari, Shibaraj Brahma*)
9	387	Streamflow estimation for Gurpur River Basin, Karnataka, India (Chetlapelly, Vamshi krishna*)
10	392	A Review on Post Processing Methods for Hydro-metrological Ensemble Forecast (Panchal, Ayushi*; Patel, Anant; Yadav, Sanjay)
