The guidelines as well as responsibilities of Drawing and Disbursing Officer, Controlling Officers and Heads of Departments for the control of expenditure against the sanctioned grant have been detailed in Rule 57 to 70 of General Financial Rules, 2017.

The expenditure must be reviewed with reference to the targets fixed by the Ministry of Finance on quarterly basis. The expenditure in the last quarter of the financial year should be strictly restricted to the 33% of the annual budget provision and for the month of March, 2024 shall not exceed 15% of the total budget provision. This aspect of reviewing quarterly expenditure must be strictly adhered to, without any exception as Ministry of Finance is already monitoring this aspect especially for considering any additional demands of funds through the Revised Estimates.

The Administration is required to explain to the Govt. of India for not achieving the expenditure targets in time. Every time a tailor-made explanations were given by the departments expressing their inability to complete the tendering process or the preparation of estimates or one or the other reason. Therefore, it will be imperative for all the HODs to plan their activities and the incurring of expenditure in such a way that expenditure targets are met in time (50% targets of expenditure by end of August, 2023). The other cannons of financial proprieties mentioned under the GFR should be complied with meticulously.
