Appeal against Termination

A student, whose programme is terminated at any stage, can appeal once to the Chairman Senate within 15 days of the issue of termination letter. In this appeal the student must fully justify as to why he/she should be allowed to continue. The Senate, if convinced of the reasons, may allow the student to continue with his/her programme.

In no case will a second appeal by the same student be entertained for this purpose, in case his/her first appeal is not upheld by the Senate.
