- All such scholarships transferred from other branches within a specific category would be put in a common pool and awarded one by one to eligible candidates under that category as per the following criterion:
  - If the number of such scholarships is less than or equal to the number of branches with eligible candidates left, these scholarships would be awarded on the basis of JEE (Main) rank list subject to the condition that not more than one scholarship is awarded to a particular branch.
  - ii. If the number of such scholarships is more than the number of branches left (say x) with eligible candidates, then first x scholarships would be awarded on the basis of JEE (Main) rank list subject to the condition that not more than one scholarship is awarded to a particular branch.
  - The above procedure will be repeated with the remaining scholarships and the remaining candidates till all the scholarships (or candidates) are exhausted.
- In case the number of total eligible candidates in a specific category is less than the number of scholarships in that category, the excess scholarships would be transferred to the other categories.

All such scholarships transferred from a category would be awarded to eligible candidates from all other categories clubbed together as per the criterion (i), (ii) and (iii) of 1 above.
